

Ashwin Parade & South Road Intersection Upgrade

Improving safety and productivity of a busy intersection

Client	Department for Planning, Transport & Infrastructure
Location	Ashwin Parade / South Road / West Thebarton Road Intersection—Torrensville, SA
Completion Date	30 April 2015
Contract Value	\$6,250,727
Project Description	<p>This intersection upgrades included the construction of new granular pavements along the current South Road alignment to accommodate the addition of traffic lanes at the intersection. Ashwin Parade also underwent widening, with the existing portion of the road being profiled and completed with asphalt overlay. The project involves extensive traffic management and due to traffic restrictions is also going to involve night works.</p> <p>This intersection upgrade was the first instalment in the \$1.5 billion upgrade to the North-South corridor, which overall is aiming to reduce congestion, boost freight efficiency and ultimately drive economic growth.</p> <p>This intersection upgrade includes:</p> <ul style="list-style-type: none"> • Earthworks • Precast drainage installation • Granular pavement works • Bituminous surfacing / asphalt • Electrical, lighting and traffic signal works • Road furniture • Extensive traffic management
