

## **C-17 RAAF Base**

*25,000 tonne of Pavement Material*

<b>Client</b>	Department of Defence
<b>Location</b>	Edinburgh Defence Precinct
<b>Contract Value</b>	\$20 million
<b>Completion Date</b>	September 2009

### **Project Description**

- Involved both building works and construction of airfields with associated infrastructure.
- Building works comprised of the construction of a new air movement facility and shelters for ground support equipment.
- Airfield pavement and refuelling facility works comprised of 25,000t of pavement material and 8,500m<sup>3</sup> of concrete
- Work was compliant with frequent RAAF aircraft traffic including that from F18's, Orions and Hercules aircraft.
- Required the resolution of technical issues relating to the mix design for concrete, pavement conditions and subsequent testing requirements.
