

City West Connector

Significant traffic management

Client	Department for Planning, Transport & Infrastructure
Location	Mile End
Contract Value	\$9 million
Completion Date	November 2005

Project Description

- Construction of a 2 lane road linking South Road and Sir Donald Bradman Drive.
- Project involved the installation of a bridge over Keswick Creek, service relocation, retail property access, street lighting, drainage work, landscaping, earthworks and pavement works.
- Substantial subcontractors used within project requiring significant project and construction management.
- Significant traffic management undertaken for the interface works at both major intersections.
- Construction was fast tracked to enable access to newly constructed retail site.
