

# Oaklands Interchange

## *Management of Contaminated Material*

<b>Client</b>	Department for Transport, Planning & Infrastructure
<b>Location</b>	Oaklands Park
<b>Contract Value</b>	\$5 million
<b>Completion Date</b>	March 2008

### **Project Description**

- The new interchange includes two train platforms, three automated pedestrian crossings, kiosk, video surveillance, bicycle lockers, landscaping and kiss & ride facility.
- Car park and bus bay facility also included within the interchange.
- Required the management of contaminated material.
- Due to the tight timelines, innovative construction techniques were utilised to meet requirements.
- Strict safety measures were adhered to due to working within a live rail corridor.
