

West Avenue Duplication

Complex staging and traffic management

Client City of Salisbury

Location Edinburgh

Contract Value \$7 m

Completion Date March 2007

Project Description

- Strengthening and widening of 4.5km of existing road and the installation of stormwater drainage and street lighting.
- Involved installation of major culvert structures.
- Innovative pavement design to provide better productivity and traffic management resulting in significant savings.
- Complex staging and traffic management due to alternate routes being limited.
- Extensive negotiations with significant stakeholders to increase productivity and reduce programme of works.
